S U M M A R Y

Computer Science graduate with honors and hands-on experience in data science, NLP, and MLOps. Developed end-to-end machine learning projects during the SDA & Le Wagon Bootcamp, including real-time dashboards and automated pipelines. Eager to contribute technical and creative solutions in dynamic, growth-driven environments.

E D U C A T I O N

Bachelor of Computer Science (2014 – 2018)

Taif University – GPA: 3.69 / 4.00
(with honors)

Data Science Bootcamp (2025)

Saudi Digital Academy & Le Wagon

C E R T I F I C A T I O N S

- Android Application Development – Tuwaiq Academy
- PHP Programming – Tech Campus
- Background Programming – Saudi Federation for Cybersecurity
- Data Analysis with Python and Pandas – Coursera
- MySQL Workbench – Coursera
- Relational Databases – Coursera

P R O J E C T S & P R A C T I C A L E X P E R I E N C E

Beyond the Stars (2025)

Data Science Bootcamp Final Project

- Analyzed over 17,000 tourist reviews using NLP techniques including topic modeling (LDA) and sentiment analysis (LSTM). Built an interactive dashboard with Streamlit to support tourism development aligned with Vision 2030.
- Technologies: Python, Pandas, Streamlit, LDA, LSTM

Interior Designers Directory (2023)

Android App Development Bootcamp Graduation Project

- A mobile app that gathers interior designers in one platform, showcasing their work and providing direct contact options.
- Technologies: Android Studio, Kotlin, XML, AndroidX

Library Management System (2018)

Bachelor Graduation Project

- Developed a desktop application for Al-Khurma University Library to manage book availability and locations using the Dewey Decimal Classification. Included a book request system to improve student access.
- Technologies: Python (PyCharm), PyQt4 (for GUI), SQLite (for local database), Object-Oriented Programming (OOP), Multi-user login (admin/librarian), Search and reporting system.

S K I L L S

- Python, SQL, Java
- Pandas, NumPy, Scikit-learn
- Streamlit, FastAPI, Docker
- Git, Google Cloud
- Machine Learning, Deep Learning, NLP
- Data Analysis, Data Visualization
- Communication, Leadership, Problem Solving
